Linda Brook's Olive therapy dog at a Love On A Leash event at STEM week at Los Angeles Mission College. I often wonder who the therapy is for 😊

We are sorry to hear of the passing of Rex Mincheff

He passed away at his home on Sunday April 8th - he was 92. There will be no memorial service, per his wishes.

This tribute is taken from Chris Osborn's FB post "I just found out Rex Mincheff passed away a couple days ago. He has been such a fixture in the Southern California obedience world. His wife showed their sheltie in obedience. He had always been a hard worker, volunteering and even holding office in the dog clubs he was in. I know ring stewarding at the obedience trials was a source of great joy for him. I met him in the first dog club I was in as a teenager, the now defunct Companion Dog Training Club. He was also an active member of West Los Angeles Obedience Training Club, and he was a member of Tri- Valley Shetland Sheepdog Club, holding office, being our Southern California Dog Obedience Council representative. He was a tireless, working, giving club member in every club. He always kept us in the straight and narrow when it came to parliamentary procedure. We missed him at our Tri-Valley agility trial this last weekend. Unfortunately, the reason he was not there was not good news.

VHOC Members,

VHOC is sponsoring several "Wing Ding" Agility Trials throughout the coming year at Stone Pony Ranch, 13650 Broadway Rd, Moorpark, Ca. The first one will be held on March 30; it opened on Feb. 2 and will close on Mar. 14. Here is a link to the online entry form:

Raise a puppy with Guide Dogs of America!

Volunteer puppy raisers are the cornerstone of GDA's training program. Puppies are welcomed into loving foster homes at 8 weeks old, where they learn basic obedience, house manners, and how to be calm and confident in a wide variety of public settings. The dogs return to GDA at 18 months old, to learn formal guide work in order to help change the life of a person who is blind or visually impaired. Fostering a guide dog puppy is an intensely rewarding experience! GDA welcomes all types of applicants: families, single people, home owners, apartment dwellers, raisers with resident pets, etc. Join us today and help GDA make TEAMS come true!www.guidedogsofamerica.org.

Guide Dogs of America

Volunteer in the Puppy Kennel, Give GDA Pups a "Head Start!"

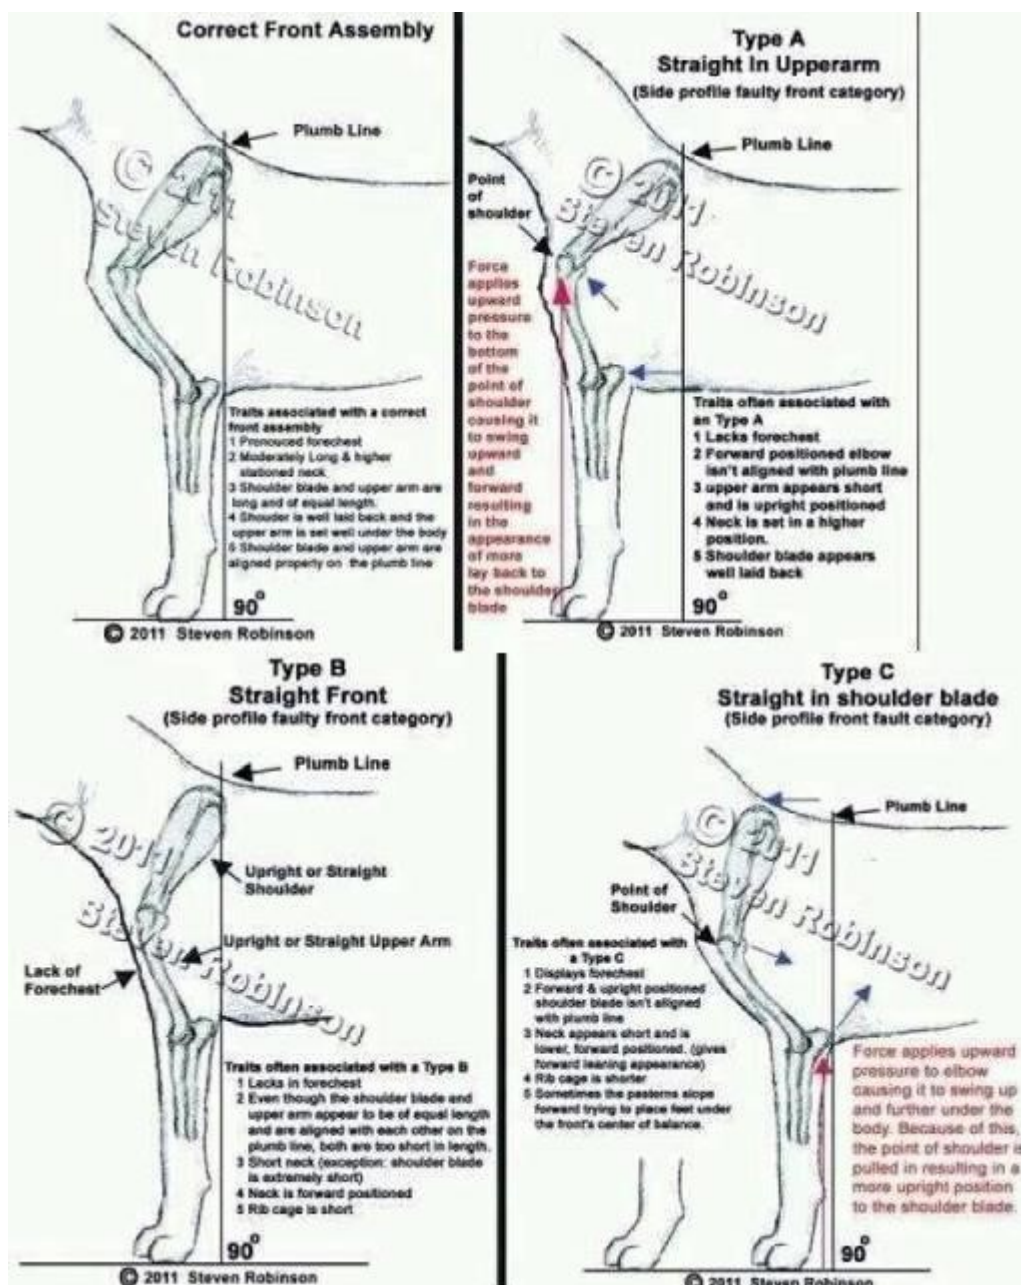

Guide Dogs of America is recruiting volunteers for its Head Start program, an early enrichment, training and socialization program designed to further build puppies' confidence prior to placing them in foster homes at 8 weeks old. Head Start volunteers are needed Monday-Friday between 8 a.m. and 9 p.m. The nursery is quiet at the moment, but we're expecting a bumper crop of puppies in June! Apply now to be ready this summer! To apply, submit a volunteer application via the GDA website. Applicants will complete a volunteer orientation and receive training specific to the Head Start program. If you wish to apply, please also contact Debbie Prince, who oversees the Head Start program, via email at venturagdapuppy@gmail.com so she knows to keep an eye out for your volunteer application!

Join the GDA Puppy Head Start team ... and you just might be as cool as VHOC's own Carole Hills... *wink*

Shoulder Assembly in Dogs

I found this information on Face Book—it had been forwarded through quite a few people. I especially liked one of the comments that references some information on dog structure. “Dog Steps by Paige Elliott can be very informative - you may still be able to get it in Video format.” Each breed is different and it is important to know your standard. How your dog is built can influence what his jumping style can be and how their movement is affected.

Job Openings with Guide Dogs for the Blind in NorCal

Job Openings with Guide Dogs for the Blind in NorCal and SoCal

Guide Dogs for the Blind:

Established in 1942, GDB is the largest Guide Dog school in North America and continues its dedication to quality student training services and extensive follow-up support for graduates. Our programs are made possible through the teamwork of staff, volunteers and generous donors. GDB receives no government funds. Services are provided to students from the United States and Canada at no cost to them. GDB is headquartered in San Rafael, California, with a second campus in Boring, Oregon. More than 14,000 teams have graduated from our program, and there are approximately 2,200 active teams in the field currently.

MISSION STATEMENT: Guide Dogs for the Blind empowers lives by creating exceptional partnerships between people, dogs and communities.

VISION STATEMENT: Guide Dogs for the Blind envisions a world with greater inclusion, opportunity and independence by optimizing the unique capabilities of people and dogs.

JOB OPENINGS:

NORTHERN CA

Canine Resources Manager (CRM), San Rafael, CA

Guide Dogs for the Blind has an amazing opportunity at our beautiful San Rafael, CA campus for a Canine Resources Manager (CRM). This role works in collaboration with the Director of Breeding and Canine Development to develop standards and techniques for canine training, socialization, and husbandry to be used by puppy raising and socialization staff and volunteers colony-wide and with individual dogs. The CRM will also be responsible for training and developing staff and volunteers in applying such standards.

The CRM will work with Community Field Representatives (CFRs) and other relevant staff to determine the readiness of dogs for recall into training and will counsel CFRs in the application of plans and techniques for individual dogs. Work with the Puppy Socialization Coordinator, the CFRs, the Puppy Raising Manager, Puppy Raising Administrative staff and other relevant staff to ensure that puppies placed in raiser homes are effective matches for that home. Work with these same groups and individuals to transfer puppies from a less-successful home to one with more opportunity for success for that individual puppy.

The successful candidate will be knowledgeable in canine theory and skilled in canine behavior management. A minimum of five years' experience in assessing dogs' health, temperaments and behaviors and/or conducting dog training, behavior modification, and placement with the corresponding ability to translate theory into effective dog handling.

Undergraduate degree or equitable experience required. Canine behavior certification highly desirable - IAABC (International Association of Animal Behavior), ACAB (Association of Companion Animal Behavior), CCPDT (Certification Council for Professional Dog Trainers), KPA (Karen Pryor Academy). Travel as assigned which may include weekends, nights and early mornings as needed.

Job Openings with Guide Dogs for the Blind in So Cal

SOUTHERN CA

Community Field Representative (CFR) – 2 Territories:

Are you a skilled dog trainer looking for an opportunity to work with and help develop puppies to work as service dogs? Please read on...

Guide Dogs for the Blind has an opportunity for a Community Field Representative (CFR) in Southern California. Our CFRs are responsible for ensuring an adequate pipeline of puppy raisers within their territory to accommodate the number of puppies that need homes and to ensure there are enough dogs properly prepared for recall into training. This includes providing direct support, supervision, and guidance for puppy raising activities undertaken by youth and adult volunteers and recruits new raisers and leaders to assist with raising Guide Dog puppies within a designated territory. The CFR works out of his or her home, visits raisers to evaluate puppies' progress, mediates problems that arise, and actively recruits new program participants.

The CFR may also be actively involved in fundraising, marketing, outreach and other events throughout their territories with individual clubs or with Development staff. The CFR coordinates public presentations and special events within their territories; assists in identifying and developing partnerships with local community programs that are of benefit to GDB, our constituents and the community (through education and public relations). The CFR will also assist in the placement and monitoring of dogs with blind youth and into homes which will further our mission and the communities where they reside.

Candidates should have at least 5 years' experience in dog obedience or handling, knowledge of behavioral modification techniques, and the corresponding ability to read and evaluate raisers and leaders in order to give them appropriate guidance.

For a full description of these roles, and to apply, please visit our careers page at: <http://guidedogs.com/careers>.

Brags

Cynthia Casby sent in a brag that she had a Pasadena K9 Unit visit her school. What a great opportunity for those kids.

Cynthia: "I had a police K-9 unit come to talk to my middle school class about how they train and what they can do. It was awesome!"

Here are a few pics. Nico is a Pasadena K9 from the Chek Republic. He is a big strong Belgian Malinois. Very different from the Mals I see here in US! "

Flo Walberg and Duncan—March 31-April 1, 2018 Kern County KC, Bakersfield, Ca:

This was Duncan's first time out after completing his utility degree and now is going for his OTCH. On Saturday we got first place in utility. On Sunday we won utility again with a perfect score of 200. In open, we got second place with a 198 1/2. **So we won High in Trial and High Combined.** What a lovely weekend. Picked up some OTCH points, too.

I think her maturity factor has happened so most of our runs were really nice and fun.

Out of 12 classes Q'd in 8 with one jumpers just a knocked bar and one of the gamblers she completed but the buzzer went off just before the last obstacle. Getting there... :-)

Marcia Siderow and Remi

Remi got his **Advanced Jumpers Title** on March 31st in USDAA at Happy Dog Agility.

He also got a Q in AKC Excellent Standard at the Jump City trial at Woodley Park last Sunday.

I want to introduce my newest family member, Karbits Light Speed Pride and Joy, call name Pride.

He is a male Moyen poodle, and will be silver and about 18 inches.

A wild weekend entered in 20 classes and qualifying in 14 of them. Many times we walked agility, ran in obedience or rally, immediately going back to run the agility and she never skipped a beat. Funny as she entered a ring, would look around to see what sport we were doing at that time.

All this was coming off a day on Friday doing demos and being handled by 30 kids in a school, doing tricks, agility, utility articles, retrieves, wood puzzles, and of course ball throwing games.

So proud of her and all that she can and loves to do.
